REPORT FROM CHAIRMAN OF THE BOARD:

Chairman M^cClure thanked the staff for their dedication to the District during the recent storms.

PUBLIC COMMENT:

No public comment was addressed to the Board.

PREVIOUS MINUTES:

 Review and Action on February 15, 2023 Regular Business Meeting Minutes: Following review of the January 18, 2023 Regular Business Meeting Minutes, Michael McKaskle moved to approve the February 15, 2023 Regular Business Meeting minutes as presented. Dian Griffith seconded the motion. Chairman M^cClure called for a roll call vote. Linda Sutton, Yea, Michael McKaskle, Yea, Arthur M^cClure, Yea, Dian Griffith, Yea, Maire Etherton, Yea. The motion was carried by a roll call vote of five Yeas and zero Nays.

CONSENT CALENDAR:

- 1. Financial Report: The Board reviewed the February 2023 Financial Reports.
- 2a. General Manager's Report: The Board reviewed the February 2023 General Manager's Report.
- 2b. Office Manager's Report: The Board reviewed the February 2023 Office Manager's Report.
- 2c. Operation Manager's Report: The Board reviewed the February 2023 Operation Manager's Report.
- 3. Production Report: The Board reviewed the February 2023 Production Reports.
- 4. Safety Report: The Board reviewed the February 2023 Safety Reports.

Linda Sutton moved to accept the February 2023 Consent Calendar as presented. Michael McKaskle seconded the motion. Chairman M^cClure called for a roll call vote. Linda Sutton, Yea, Michael McKaskle, Yea Arthur M^cClure, Yea, Dian Griffith, Yea, Marie Etherton, Yea. The motion was carried by a roll call vote of five Yeas and zero Nays.

ACTION / DISCUSSION ITEMS:

- Rate Study; Presentation: Mr. Anthony Elowsky representing Robert D. Niehaus, Inc, delivered a presentation to the Board on zoom. The draft report dated March 1, 2023 addressed the Redway Community Services District Financial Planning, Revenue Requirements and Rate Setting Analysis. Mr. Elowsky outlined the recommended study period financial plan of rates for water and wastewater services for a five-year period from 2024 thru 2028. The Board stated their concern regarding low income customers ability to pay the recommended rates. The Board asked Mr. Elowsky to review the variable rates for the Eel River Conservation Camp which showed zero. Mr. Elowsky stated that he will reevaluate the Eel River Conservation Camp's Variable Rate and submit his conclusion. The Financial Ad-Hoc Committee will schedule a meeting to address the recommendations of the Rate Setting Analysis.
- 2. Road Condition Near Dogwood Lift Station on Briceland Road: The letter and survey map that was sent to Mr. Mattson, Director or Public Works with a cc to the Humboldt County Board of Supervisors has been received. Cody Cox informed the Board that he was unable to attend the March 13, 2023 meeting of the Humboldt County Board of Supervisors by zoom because of a technical issue. Mr. Cox contacted the county clerk and Humboldt County Supervisor Bushnell was notified of the issue. Mr. Cox will request an in-house meeting or meeting by zoom with the Supervisor Bushnell, Mr. Mattson and Mr. Bronkall. No comment regarding the survey has been received by the District. The survey map shows that Dogwood Lane is owned by the County of Humboldt.
 - a. Report from the Dogwood Lift Station Committee: No report was submitted by the Dogwood Lift Station Ad-Hoc Committee.
- 3. Updating Water Ordinance: No new information was submitted for review by the Board.
- 4. Updating the Wastewater Ordinance: The District hasn't received any correspondence from its attorney regarding whether the updated Wastewater Ordinance is satisfactory. The secretary to the board informed the Board that until the undated wastewater ordinance is approved by the District's attorney and an effective date is set, the adopted Resolution 2022-2023-08 will not be submitted for signature by the Chairman of the Board.
- 5. District Policies; Board Policy: No new information was submitted for review by the Board.
- 6. New Connections:
 - a. Accessory Dwelling Unit Law: Cody Cox reported that the District is beginning to conduct inspections on properties with cannabis and multiple units. The infrastructure ad-hoc committee may schedule a meeting to address the issue.
 - b. New Connections Waiting List: No new information was submitted for review by the Board.
- 7. Ad-Hoc Committee Report; Financial:
 - a. Financial Policy #1 Approval: The Financial Policy #1 has been referred to counsel, therefore no new information was submitted for review by the Board.
- 8. Solar Project: The Board discussed possible options for location of the solar project. Cody Cox informed the Board that he is scheduling a meeting at the wastewater treatment plant between the Districts' wastewater treatment plant Chief Plant Operator and GHD engineer in order to compare sites that the solar panels would be located. Michael Avcollie from Redwood Coast Energy Authority is contacting PG&E and local tribal representatives.
- 9. Redway Emergency Water Supply and Water Project: Cody Cox reported that he is in the process of amending the project application. Two of the three exploratory well sites will be eliminated and storage will be reduced. The automated meter infrastructure, filter media and rehabilitation of the basin at the water plant will be added to the project.
- 10. Houses Not Connected to Collection System: Cody Cox reported that a customer is in the process of installing above ground water tanks in addition to a septic tank. The Humboldt County Health Department of Code Enforcement contacted the District regarding the issue. The District has contacted the property owner ordering them to cease and desist.

- 11. Water Partnership and Reorganization Opportunity: Cody Cox reported partnership with Cal Fire was discussed at the most recent LAFCo meeting. The Board discussed what advantages the District will incur if the partnership goes through.
- 12. Status of Wells: Cody Cox reported that water samples that were submitted to the lab for testing were returned to the District. Cody Cox will confer with Doug Esget, the Chief Water Operator, regarding the issue.
- 13. Unpaid Water and Charges: Glenn Gradin informed the Board that letters were sent to fifty four (54) customers informing them that if their past due balance is not paid or contact has not been made, a lien will be filed on their property due to non-payment of water services. The customers have also been contracted by telephone. Mr. Gradin informed the Board that several accounts have been changed to the owners.
- 14. Wastewater Collection and Treatment Project: Cody Cox informed the Board that moving the design forward, going to bid and beginning construction are the next phases of the project.
- 15. Civil Liability Order Compliance Project: Cody Cox reported that the next report is due on March 30, 2023. Issues to be addressed are separations of clay pipes, root intrusion, manholes and grade rings
- 16. No Agriculture Cultivation in the Redway Community Services District: The Board discussed creating a policy regarding no district water used for cultivation in the Redway Community Services District.
- 17. Emergency Intertie Between RCSD and GSD: Emergency Intertie Between RCSSD and GSD has been addressed and will be removed from the agenda.
- 18. Property Amnesty Letter: Michael McKaskle volunteered to draft a letter addressing property amnesty properties with multiple units which will be reviewed at an infrastructure ad-hoc committee meeting.
- 19. Land Acknowledgements: Marie Etherton addressed the Board regarding the District creating a Land Acknowledgement statement. Ms. Etherton read a example that she composed. The Board supported Ms. Etherton recommendation.

CORRESPONDENCE:

1. No correspondence was available for review by the Board.

BOARD MEMBER / STAFF REPORTS:

- 1. Director's Reports:
 - A. Michael McKaskle.
 - 1. RREDC: Mr. McKaskle submitted the RREDC report for review by the Board.
- 2. Ad-Hoc Committee Report:
 - 1. Infrastructure Ad Hoc Committee Report: No infrastructure ad-hoc committee meeting was scheduled.
 - 2. Executive Ad-Hoc Committee Report: No Executive ad-hoc committee meeting was scheduled.

COMMENTS FROM MEMBERS OF THE BOARD:

Dian Griffith commented that it was a good meeting.

MEDIA COMMUNICATIONS:

Cody Cox will send a public service announcement to Redheaded Blackbelt and KMUD Radio addressing the liens on customers that have outstanding bills and which items should not be flushed into the Districts' septic system.

ADVANCED AGENDA:

No new items were placed on the Advanced Agenda.

ADJOURNMENT:

Linda Sutton moved to adjourn the March 29, 2023 Regular Business Meeting of the Redway Community Services District Board of Directors at 8:08 P.M. Dian Griffith seconded the motion. Chairman M^cClure called for a roll call vote. Linda Sutton, Yea, Michael McKaskle, Yea, Arthur M^cClure, Yea, Dian Griffith, Yea, Marie Etherton, Yea. The motion was carried by a roll call vote of five Yeas and zero Nays.

Respectfully Submitted,

Nancy Jurrens, Secretary to the Board

Redway Community Services District P.O. Box 40 Redway, CA 95560 (707) 923-3101

March 10th, 2023,

General Manager's Report

According to the California Drought Monitor summary released April 6th, 2023, there is currently no drought that exists for Humboldt County as well as Del Norte, and Trinity County is in the DO (Abnormally Dry) Intensity Factor. This information is reported through the Western Regional Climate Center. I would like to add that as a Utility Manager in Humboldt County I have come to understand how dynamic our season's, and our wild and scenic river is here in Humboldt, and I am expecting us to be moving through another drought scenario this summer. There are lots of models and projections from all sorts of offices regarding our county facing drought conditions yet again this summer. Redway CSD utilizes the California Drought Monitor monthly for reporting purposes and I would like us all to understand that this Drought Monitor focuses on broad-scale conditions, and that local conditions may vary.

Talking about solar now, the board, as well as District staff have decided against potentially moving the Solar Project into the Wastewater Plant footprint. During discussion regarding moving this project into the plant it was decided that we maintain the space that we do have inside the Plant for future needs. For example, if the plant was reclassified, we might have to add other certain treatment processes. The last steps that were taken with the solar project installation at the original site off the SW Corner of the Plant was the IS/MND "Mitigated Negative Declaration". I spoke with Mike Avcollie from Redwood Coast Energy Authority on April 11th, and he believes that there will be no issues with the MND, however we are still awaiting a response from the Bear River Tribe.

He has spoken on the phone with the Bear River Rancheria, and they did state during the phone conversion that Culturally we are looking good, and the job should be deemed as categorical exemption. A phone call stating that we should be good will not work for us, we are requesting a letter from the Cultural Expert with the Tribe which may take up to a week. If we do need the Preservation Officer onsite it would be at an upwards of 85/hr. during the construction process. So, to summarize, we will need to go to redesign for the above ground mount installation, we need to receive a record of response from Bear River regarding Categorical Exemption, and then look back into a possible grant scenario with the California Energy commission.

Wastewater Collection and Treatment Project. On March 31st, myself, field staff, and GHD met at the District office at 11 am to discuss moving forward with the 30% design set. There were a

few concerns that we did have. For instance, the engineer only had one line going across the new suspension bridge.

This was discussed and was corrected. There was also some minor labeling that had to be cleaned up which was also addressed. At this meeting we focused and spent much of the time on the filter beds, particularly bed number two. This is the bed that we use for decanting when we have a VAC truck come through for cleaning. The question that came up was if we could waste activated sludge "WAS" on that bed with just the channel having media, and not the entire one like bed # 1. So, we have decided to run a pilot test and waste on that bed, we have just begun this week. The Chief Plant Operator wants to see how it works in drier weather which we should be experiencing here soon at which point we will have the data that GHD Consulting needs to make the determination of whether it would work for us. Once all amendments are approved by the State Water Resources Control Board, collection system improvements, design details, specifications and detailed cost estimates will be prepared at the 60% phase.

Dogwood Lift Station Meeting, District staff and 2 board members met with our County Supervisor, as well as Mr. Matson and Mr. Bronkall with the County regarding the Dogwood Lift Station on April 7th from 2-3pm. We discussed our concerns about the road itself yet again, and we were directed toward public assistance grant funding THROUGH THE North Coast Resource Partnership. This grant would be for water grants/hardening of facilities is how the county put it, in an email. I have reached out to the contact that the county supplied me with and am awaiting a response. I plan on receiving information soon and will have some comments during the Board meeting. As far as I know this will go through the CSAC Grants Initiative "California State Association of Counties. The District is also awaiting two drafted letters from Mr. Mattson and Mr. Bronkall regarding public safety which they said they would produce for us at the meeting that was held on April 7th.

LAFCO Update, there was a question that was directed towards the Redway Community Services District which was regarding sewer service to the Eel River Conservation Camp and the Y camp. The question was as follows: how can RCSD be providing wastewater service to Eel River Camp, and the YMCA Camp, since both are located out of the service area and jurisdictional boundary? In response to this question, Colette Metz from LAFCO Humboldt County responded requesting documentation of them being served by RCSD before January 1st, 2001, and they have both been hooked up prior to 2001. Colette stated in an email that anything before that is considered "Grandfathered" under 56133(e)(4) and the District office

was able to supply them with billing that goes back to 1999, so they are in fact Grandfathered in.

I spoke with LAFCO recently about the agency overview that is currently underway LAFCO is working on the Redway MSR Determinations and should be able to produce a report for the next Regular Redway Community Services District's Board meeting in May. We have already sent them the five years of financials that were requested of us, as well as the strike throughs and edits that I sent them last month. The edits included the updated census number that was required for the agency overview. We will be attaching the Board packet to the website the same day that we hand out the packets to the Board members. We also plan on having a new newsletter out soon after our staff meeting on the 12th.

Regards,

Cody Cox General Manager R.C.S.D. Page Left Intentionally Blank

To: RCSD Board of Directors

Office Manager's Memo

APRIL 19th, 2023

Credit card processing. For the month of March, we had 68 transactions with a value of \$13665.10. In February, we had 61 transactions with a value of \$13.222.74. in credit card transactions. With ALLPAID the customers are charged 2.25% for each phone, website or in-person transaction with no fees to RCSD. An additional \$2.25 is charged to the customer if the transaction occurs over the telephone through the ALLPAID call center. The ALLPAID call Center has been added to our new phone tree, our customers will need to tell them that our PLC# of a004ye. This is a code number that identifies us, Redway Community Services District.

Profit to Loss. July 1st, 2022, to March 31, 2023, is 75% of the fiscal year. Income was \$633,713 which is 61% of projected income for the fiscal year, \$700,162 which is 68% if you include the tax revenue that has not been recorded. Expenses were \$954,117 which is 92% of the projected income or 79% for the projected expenses for this fiscal year. We will be going into our 21/22 audit in May. I have reached out to our CPA for advice. We made a request to transfer money from our Savings to our operations for the month of April.

LIHWAP 'low-income household water assistance program'. Redway Community Services District has signed up as an authorized water and wastewater provider and our customers can sign up for the service. LIHWAP will offer a one-time payment of up to \$15,000.00(previously \$2,000) to help qualified customers of Redway Community Services District to pay their past due water or wastewater bills. We inform any customer that is behind, and we have been informed that several customers have completed the steps and we received their payments. The program will operate through August 31, 2023. Additionally, individuals interested in learning about how LIHWAP may help them pay their bills and when they can apply can find information at https://csd.ca.gov/waterbill. They encourage all rate payers to apply even for current billing and that they may even receive a credit to their accounts since the checks go directly to the water district.

Billing and Allocations. Our past due for the month of March is \$95,372.27. In February it was \$95,173.64. In January it was \$86,571.40. It appears that the past due fluctuates around \$10,000 up or down every month from 3-2020. The high in December 2020 was \$97,000 from \$37,000 in March 2020, the month the pandemic started.

Ad-Hoc Financial Committee Meeting. We met to discuss the current situation and about the rate study.

2021-2022 Audit. We missed the window for an early audit. We are a month away from having it performed. Our CPA is in need to review data which will have to wait until 05-15-2023. I will review the process to determine why we missed the early window and make accommodations to be on time.

Past Due accounts. There is no change in the number of accounts that are shut off currently (7). Last month we sent out 54 lien letters regarding delinquent accounts. As stated, they have thirty days to pay their outstanding debt, enter into a payment plan or we will place a lien on their property. We will be sending landlords(property owners) of renters who are also on the ninety days past due list that their renter is behind and that we will now be billing the owner instead of the renter and that they have thirty days to pay the outstanding debt, arrange a payment plan or have a lien placed on their property. We had a couple of addresses wrong but that was expected. One would believe that a property with water and electricity would have an address with the county, apparently not. A couple of letters were returned, bad addresses for either the property or the mailing addresses of the owner, so we will be kind to those and give them a call, if the phone numbers are correct.

Telephones. The transition to our new Verizon desk phone system is complete. We are finished with the Frontier reduction of lines. As of March 27^{th,} we no longer use Frontier for the Office, Emergency line and the fax line. Our last monthly bill for all accounts was \$40.27 which had the early termination fee attached, which we paid to prevent disconnection the month prior and for which we were credited.

Backup Power at Office. We will need to have back-up power here at the office. For the meantime we will utilize a generator until we install a transfer switch and a wall battery for inside the office (CIP). We will look at other funding opportunities to achieve the end goal. Hopefully, we can accomplish this after the rate study and before the rains next winter.

2500 square feet of district property above Redwood Drive. At some point we will need to determine our access to our property above Redwood Drive for a potential well location.

Respectfully,

Glenn Gradin

"When the well is dry, we learn the worth of water." Benjamin Franklin

Water Treatment

Chemicals have gone up quite a bit in California. What this means for us is the cost of Chlorine has gone up 40%. We use a pre, and post, chlorination treatment method at the Water Treatment Plant. What I would like to investigate is an Ultra-Violent pretreatment method at the Clarifier at the Plant. What this should do is reduce the use of the needed chlorine for the pretreatment at the contact chamber, at which point the only chlorination would be happening at the contact chamber at the Water Plant. We need to continue the chlorination process at the contact chamber because of the necessity of the chlorine residual that needs to be maintained within the water distribution system throughout town. Once I have gathered more information, I plan to request a demonstration at the plant.

After we move through the demonstration and we are happy with the results, we plan to install the equipment in-house. The only other thing that I will need to do is contact our State Regulator so that we are in communication, because of any potential permit change that would need an update. I do not foresee having any issues with the State so long as we are maintaining our water distribution residual. Operations at the Water Treatment Plant are under normal conditions. Our Treatment Plant Operators have not experienced any issues with treating and maintaining storage. The Infiltration Gallery static is sitting right around 12.1, and the pumping level drops down to 11.8 and holds, and we are at 350 gallons per minute.

During these next couple of months, we will be organizing and cleaning up at the Water Treatment Plant. This is a big pet peeve of mine and has been for a while. There is quite a bit miscellaneous material that has built up over the years that needs consolidation and organization. I have tasked the field staff with starting on all the paints, aerosols, and oils that must be properly picked up and disposed of, and then we will be moving into the inventory room for cleanup and organization.

Wastewater Treatment

I will be meeting with our FEMA and OES representatives on April 13th from 2-3 pm. This meeting is the (RSM) "recovery scoping meeting." We will be going over the damage inventory when we experienced the rain events from December 27th, 2022, to January 31st, 2023. What will be in the report, or worksheet that is filled out and submitted is the Inflow and Infiltration of our Sanitary Sewer Collection System that had caused problems for our lift stations, caused sewer overflows, as well as going beyond design flow at the Wastewater Treatment Plant. The other item that I will be adding is the Dogwood Lift Station. Because of these larger rainstorms that we experienced during this time there has been quite a bit of erosion of the soil on the bank or shoulder of the County Maintained Road.

I will be requesting hardening of the facilities site during the Recovery Scoping Meeting if I can with FEMA. Operations at the Wastewater Plant are under normal conditions currently. Plant staff will be moving into warmer weather soon and will be getting back to the sand filter. The good news is, is that that we never really stopped utilizing the sand filter bed. Because of the wetter weather they had to

limit the Waste Activated Sludge Flow into to the bed. Both beds will be utilized quite a bit more during the winter once we have them covered, which is part of the Wastewater improvement project and will be a greenhouse type building.

Wastewater Collection

As mentioned in the last Operations report there had been quite a bit of Inflow and Infiltration into the Sewer Collection System here in Redway. We have been using our sewer camera equipment down in Iower Redway, specifically Eel River Lane, and Oakridge. Our Camera crew was able to identify root intrusion as well as large separations on Oakridge Dr. The separations were at the coupling's where the sewer line attaches to the next piece of sewer line. These separations that were Identified look to be from seismic events. The camera crew as well as I believe it to be from a seismic event, or events because of the clean separation. What I mean by clean separation is that there is no root intrusion or any staining around these separations.

If they had been separated for some time there would be root intrusion as well as some staining, or scum line around it. The California Governor's Office has approved Redway CSD's project application for the CDAA "California Assistance Act," program for damage caused by the CDAA-2023-02, Ferndale Earthquake. During the meeting that I am going to have with FEMA this week, I will ask what steps need to take place for this incident number. I don't know at this point whether we will qualify for FEMA relief money or not, but at the very least this is and has been a great learning experience for the District as far as what needs to be in place at a District level if we were to experience a large-scale disaster event here in Redway.

Water Distribution

There have been a few more leaks throughout town, we continue the meter replacement program, as well as starting up valve exercising and flushing of the Distribution System. We will be done with the Briceland Road job by the end of next week, our crew is waiting to get some hot mix asphalt instead of trying to use cold mix, this will be a much cleaner job this way. During this summer we will be starting our Gate Valve Placement Project throughout town. Right now, we are not able to isolate a lot of our mainlines which is very necessary to make repairs or upgrades to system, so we will be largely focusing on this project this summer, and I will look for possible funding opportunities, but as we all know we have to be careful because of the existing grants that we are currently working on.
